

CURING FLAP

预硫化垫带

预硫化垫带是我公司根据目前国内正在蓬勃发展的轮胎翻新行业——预硫化翻胎的需要，开发出来的新产品，该产品耐用、耐高温、耐老化性极强，深受国内外各冷翻厂家的喜爱。

Curing flap is a newly developed product of our company based on the increasing need of the cold retreading business. It is popular with the tire retreading factories both at home and abroad, featuring durability, heat-resistance and aging-resistance.
